LIFETIME

warranty with love

Pioneering the industry with our lifetime warranty, we aim to give homeowners peace of mind and hassle-free experience. **This warranty is also transferrable to the next homeowner upon sale**, adding enhanced value for both parties.

SUPERAPP

To back our lifetime warranty promise, we've developed a user-friendly Super App. Homeowners who engage our services will get access to it, track their renovation progress, report defects, and receive prompt assistance from our skilled contractors. Even if a designer leaves, all information remains accessible, providing continuous support and peace of mind.

COMPLIMENTARY DEFECT INSPECTION

worth \$500

A thorough inspection is necessary in order to check the integrity of the structure and condition of key areas in the house. This essential procedure guarantees that your house is completely safe for everyone and is move-in ready.

THANK YOU

*Rezt+Relax Interior Design,
for giving me a place called Home.*

It was about 25 years ago when I renovated my 1st house. I was a newlywed, and I didn't have a lot of information about interior design. The main concern for me and my husband on renovation was only about aesthetics and comfort.

I have 3 kids now. Hence there are new concerns when it comes to renovating my new house. My daughters wish to keep in the old house, which is the Victorian concept as it creates a warm and welcoming feeling.

I know a lot of people tend to think that the Victorian style I adore is out-dated. However, I still prefer the Victorian style to Modern as they are timeless and elegant.

I told my interior designer from Rezt+Relax Interior Design I wished to keep the Victorian concept but at the same time, add in modern elements. She impressed me with her professionalism and design sense.

After the renovation, the place that impressed me the most is the kitchen. I love cooking for my family. But whenever I wanted to cook in my previous kitchen, I cannot withstand the heat, not even for 5 mins. That is why I seldom cook. Now with the new spacious and air-conditioned kitchen, I can cook happily and comfortably. I can even bake cookies with my daughters and this helps to strengthen the family bonding.

Overall, I am very thankful for the lifetime warranty that Rezt+Relax Interior Design Provides. I can be assured that any problems with my house can be fixed with a call away. I take pride in being their ambassador as they believe- once a customer, always a customer
